About the Astra Assessments

Isuzuma rya Astra ni urukurikirane rw'isuzuma rikorwa buri gihembwe rituruka kuri Innovative Assessment Solutions (IAS), isosiyete yo muri Kansas, ryubakiye ku Mahame ya Kansas yo Kwitegura Kaminuza n'Akazi. Umwana wawe akora isuzuma rigufi rya Astra inshuro enye ku mwaka, rimwe buri gihembwe. Uko umwaka ugenda, Astra itanga kandi igereranyo cya hakiri kare kandi kigenda kiba gisobanutse neza cy'uko umwana wawe ashobora kwitwara mu isuzuma rya KAP ryo ku mpera z'umwaka, kugira ngo impeshyi izane ibitangaza bike.

The Astra Assessments are a set of quarterly assessments from Innovative Assessment Solutions (IAS), a Kansas company, built around the Kansas College and Career Ready Standards. Your child takes a short Astra assessment four times a year, once each quarter. As the year goes on, Astra also gives an early, steadily sharper estimate of how your child is likely to perform on the end-of-year KAP assessment, so the spring brings fewer surprises.

Astra yagenewe gushyigikira kwiga mu gihe cy'umwaka, hamwe n'ibindi byose wumva ku mwarimu w'umwana wawe. Ibisubizo kuri buri hame bigera ku barimu mu minsi mike—abanyeshuri bakiri kwiga—kugira ngo bahite babona amahame ishuri ryize, ayakeneye igihe kirekire, n'aho bahindura uburyo bwo kwigisha.

Astra is designed to support learning during the year, alongside everything else you hear from your child's teacher. Standard-by-standard results reach teachers within days—while students are still learning—so they can see right away which standards the class has learned, which need more time, and where to adjust instruction.

Isuzuma rya buri gihembwe rikubiyemo gusa amahame yigishwa icyo gihembwe mu karere kawe, bityo rigaragaza akazi gaheruka ko mu ishuri aho kuba umwaka wose icyarimwe. Imiterere y'iri suzuma ni iyihariye ku karere kawe, bityo abanyeshuri bo mu tundi turere bakora ibibazo bitandukanye, bitewe n'integanyanyigisho z'akarere kabo.

Every quarter's assessment covers just the standards being taught that quarter within your district, so it reflects recent classroom work rather than a whole year at once. The composition of this assessment is unique to your district, so students in other districts take different questions, depending on their district's curriculum.

The Kansas Assessment Program (KAP) is the state test Kansas students take near the end of each school year. The state uses KAP to measure how well students are meeting the Kansas College and Career Ready Standards, and schools and districts use the results to see where students need more support. Using what your student has shown on the Astra assessments so far this year, the score below predicts how they are likely to perform on the end-of-year KAP assessment. It is an early estimate that grows sharper each quarter, so the spring brings fewer surprises.
